Greetings to you in Jesus Name. I am including in this newsletter someone else's thoughts on our prayer time at the Capitol that took place in the month of September. Mike and Charlene Ecuyer as well as their children often join us and bring their portion in intercession at the Capitol.

We gathered Tuesday, September 8th for the wonderful blessing of praying inside our state's capitol building, a treasure we have enjoyed for many years ever since Tony Perkins and Carolyn Hatcher gained this unlimited access for our state's intercessors.

We opened the meeting speaking of the ways we have fallen as a nation and the inevitable consequences of the sin that has been allowed to rule; yet if we choose the right way, fruit can be made manifest in us. (Isaiah 26 and 27)

We believe though we have many adjustments to continue to make, Louisiana has chosen as a whole to support life and not death, and we have voted righteously, opening the door for the mercy of our Heavenly Father. The focus was on the land, the Lord's love for the land. We prayed through Deuteronomy 11 and the good land Louisiana (Goshen) is, with His heart and eyes being focused on His land.

Louisiana will fulfill its calling as we remember our Father who has given us this special state to nurture and bless to see a manifestation of His glory. Louisiana will come into His destiny as we humble ourselves and walk in obedience to His commands. We prayed for the people of God to be "let go" so they can worship the Lord.

Todd received revelation to intercede for our AG Buddy Caldwell. There was a person blocking his vision that needed to be removed. We then moved into prayer for righteous judges on our land.

As we closed the meeting, we lifted up in prayer the 5 senate committee members whose names were listed in the room. We agreed prophetically that our redeemed state will be a light to our nation and the nations of the world.

Walking in the fullness of His blessings,

Mike and Charleen Ecuyer

I want to share with all of you for the purpose of prayer the vision I saw of our Attorney General, Buddy Caldwell. The vision was of him in an office sitting behind a desk and a man was standing in front of this desk off to the left side. There was a light off in the distance behind this man standing and his body was blocking it from being seen by Mr. Caldwell. The light represented something that Mr. Caldwell needed to see. He began to notice that there was something behind this man and stood up from his seat. As he moved around his desk this man would position his body to continue to block his vision. Mr. Caldwell was moving his head side to side trying to see behind this man and the man actually turned toward the light too. At this point Mr. Caldwell took his left hand and put it on the right shoulder of this man and shoved him completely out of his way. He was then able to see what God wanted him to see. The other man was intentionally blocking his vision and it became clear to Mr. Caldwell that this was the case. There was a great relief in intercession when he saw what God wanted him to see. It was important to God that he see this thing represented by the light.

May I encourage you to pray specifically for our Attorney General Buddy Caldwell right now? Pray that nothing and no one would be able to block his vision from seeing what God wants him to see. Pray this in accordance with the word spoken over Louisiana years ago when God said, **"I have pronounced a sentence of death on the spirit of corruption in Louisiana."**

Till He Comes,
Todd Trahan
